December 4, 2007 6:15 pm**

About the Jazz Ensemble
The group is made up of the most talented young artists in San Diego. These young musicians were looking for a place to learn and play jazz. The group was the brain child of Matthew Smith who saw the need and approached his teacher Vince Greco to help start the group. Matthew is a

student at CSU Fullerton and unable to make tonight's performance. During the upcoming holidays several alumni will be returning from college to play with the group.

Our web site link is listed below, check it out to see pictures, our upcoming concerts, listen to our CD or read our latest newsletter.
